

TARC Membership Meeting Minutes

05/18/2020

Due to the Corona Virus and social distancing requirements still in place, the monthly meeting was held on-line. As a result, there was no agenda to follow or discuss.

The on-line meeting was scheduled for 1930 hrs., and after the logins were completed, the meeting was commenced by the President welcoming everyone and making some announcements.

VE testing will resume the third week of June at the normal location (Masonic Lodge, Goose Creek). Social distancing will be adhered to during the testing session. Each person present (test takers and VE's) will be required to wear masks.

Ron announced the Field Day location has been changed and will be held on private property this year. The details are still being ironed out and once finalized, an Email Blast will be sent out asking for volunteers for radio operators, setting up, tearing down, food ,and other logistical items. The Board is looking into getting Porta-Potties at the location for the benefit of attendees.

Jim relayed to the Board that all the bills had been paid up to date and the account balance was more than \$3300.

John turned the meeting over to Glenn for his presentation on repeaters. John relayed to me that Glen did an outstanding job on the presentation.

27 members logged in to the on-line group for the meeting and presentation.

The on-line session was secured after the presentation was completed.

Thank you for all who participated in this event.
